

DC DIY ORNAMENT AND SNOW GLOBE

WHAT TO DO

Once you know what kind of scene you want to make in your ornament, start gluing down your action figures. Then glue down your “snow”.

MATERIALS - ORNAMENT

- Clear Plastic Cups
- Strong Glue
- Pipe Cleaners
- Red Ribbon
- Paper Coasters
- Cotton Balls or Fake Snow
- DC Miniature Figures

Next, glue down your cup to your base. Once dry, glue your pipe cleaner around the edge of the cup.

Finally, glue your bow to the top and you are all set! Time to put it on the tree!

Water

Glitter

Strong Glue

DC Action Figures

WHAT TO DO

First, decide which action figure(s) you want to put in your snow globe, and glue them to the inside of your jar lid.

Next, add the glitter into the jar and then fill with water. Use as many types of glitter as you want.

Finally, carefully screw on the lid with the figures, and then add your strong glue around the seal to make sure it doesn't leak. Now you have an awesome snow globe to keep or give as a gift!
